

Make UPS Deliver More Full-Time Jobs!

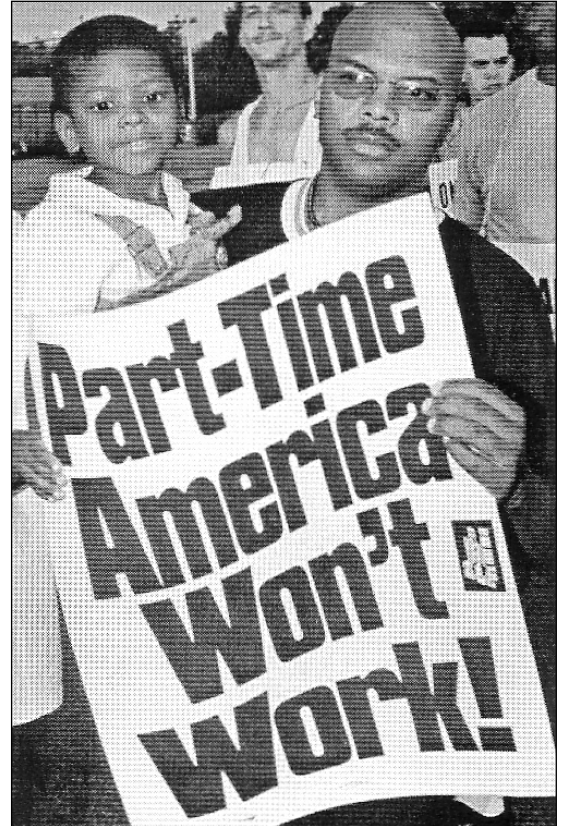

Local 804 members are being denied the chance at full-time jobs because UPS is violating the contract.

Article 22.3 of the contract requires the company to create and maintain 20,000 full-time combo jobs nationally. UPS has **NOT** created all of these jobs.

In fact, UPS has eliminated full-time combo jobs in Local 804 by not filling some vacant Article 22.3 positions.

We can win full-time jobs by enforcing the contract. It's time for Local 804 and the International Union to make UPS deliver more full-time combo jobs.

Note: The contract does not require UPS to maintain a specific number of full-time in Local 804 as long as the company maintains 20,000 Article 22.3 full-time jobs nationally.

Sign the Petition to Enforce the Contract and Win Full-Time Jobs

Local 804 Members United is joining Teamsters across the country who are signing a petition to enforce our rights and make UPS create all 20,000 full-time combo jobs they owe us under the contract.

We are calling on the International Union to file a national grievance and provide all local unions with the information they need to help monitor violations and win the creation of more full-time combo jobs.

For more information, go to www.804MembersUnited.org. Not an official website of Local 804 or the International Brotherhood of Teamsters. We are an independent website of, by, and for Local 804 members.
