

# Get Informed. Get Involved. Local 804 Members United

By uniting together, the members of Local 804 have shown the company and our Executive Board that we can and will stand up for what's right.

We voted down a weak contract and stopped new pension cuts. We passed changes to the Local 804 bylaws that give members the right to more information on contract negotiations and our benefit funds.

We've launched [www.804MembersUnited.org](http://www.804MembersUnited.org) to give members the information they deserve. Our latest report reveals how our Health Fund lost \$18 million and how money for our health benefits was diverted to the pension fund while members were kept in the dark.

Come meet with Local 804 members who are working together to defend our pensions and healthcare and unite for positive changes in our union. Find out what we can do when we stand together.
